

meet the burden of quality

WOODPECKER HOLDS

BORN OUT OF PASSION

Woodpeckerholds is a company born out of passion and experience. After years of intensive training we noticed that wood is the most friendly material for climbers' skin and it can bring a new level of quality on every climbing wall. Thanks to our products climbing is even more interesting and training itself becomes more effective. You can experience that too. Enjoy!

WOODPECKER HOLDS

The image shows several light-colored wooden spheres. Each sphere has a dark, carved hole in the shape of a woodpecker. The woodpecker is facing right, with its head at the top and its tail at the bottom. The spheres are arranged in a way that they overlap, with one in the foreground and others behind it.
